PROFESSIONAL OBJECTIVE

To leverage over 2 years+ of experience as a UI/UX Designer and Front-End Developer in crafting intuitive interfaces, improving user experiences, and building responsive web applications. Aiming to contribute to projects that combine usability, accessibility, and modern design practices.

WORK EXPERIENCE

UI/UX Designer & Frontend Developer | Turain Software Private Limited April 2026 – Present

- Designing intuitive and user-centered digital experiences for web and mobile applications.
- Conducting UX research, user flow planning, wireframing, and high-fidelity interface design in Figma.
- Developing responsive and accessible frontend interfaces using modern web technologies.
- Collaborating with stakeholders and developers to translate business requirements into scalable digital solutions.
- Creating and maintaining design systems to ensure consistency across products and platforms.
- Implementing interactive animations, micro-interactions, and modern UI patterns to enhance user engagement.
- Optimizing applications for performance, usability, SEO, and cross-device compatibility.

Web Designer | Turain Software Private Limited March 2024 – March 2026

- Designed intuitive and visually compelling web and mobile app interfaces in Figma, adhering to modern UX/UI principles.
- Developed high-quality, pixel-perfect user interfaces using HTML, CSS, JavaScript, and React.js .
- Ensured cross-browser compatibility and mobile responsiveness for all web products.
- Collaborated with developers and QA teams to ensure seamless integration of UI with backend logic.
- Led UI/UX planning for multiple projects, from initial wireframes to final handoff.

TECHNICAL SKILLS

UI/UX Design: Wireframing, Prototyping, User Flows, Style Guides, Responsive Design.

Front-End: HTML5, CSS3, JavaScript, React.js, Next.js Bootstrap, Tailwind CSS, jQuery, Web Performance.

Software: Figma, Adobe XD, VS Code, Adobe Photoshop, Adobe Illustrator, Git, GitHub.

Additional: Software Manual Testing, SEO Optimization.
